Alumni Chapters

To facilitate networking, LUMS alumni have formed chapters in various cities and countries all over the world.

In addition to providing a forum for socialising, these chapters are a source of great support for newcomers to the area. Moreover, they also help LUMS with its marketing, placement and fundraising efforts. Our city chapter reunion takes place in Karachi and Islamabad every year. Our international chapter reunions also take place at least once a year. The chapter coordinators serve as a liaison between LUMS and the various resources of the area and the alumni in regional chapters.

Support LUMS

- Alumni are the most important stakeholders in their alma mater so they are always eager to give their feedback and support. They help with the placement process at LUMS in the following ways:
 - Identify and enlist the interest of potential employers in interviewing and hiring new graduates
 - Conduct mock interviews
 - Provide Industry updates
 - Provide moral support by welcoming fresh graduates into the LUMS network
 - Alumni also help out in various marketing activities like the LUMS information sessions held all over the country

Advancement of LUMS

All alumni having been through the academic programmes at LUMS are valuable sources of information with regard to issues like curriculum redesign. You can help your alma mater by proving feedback on the utility of various courses, identifying case-leads, writing cases and so on.

Financial Support

As an alumnus/alumna we are certain you cherish the time you spent at LUMS and would also

want other people with lesser resources to benefit from the "LUMS experience." Thus, we encourage you to volunteer financial help for student scholarships. A little contribution from your side may make a world of difference for someone. Some alumni have already made donations in the form of class gifts and personal contributions.
