- Physics

FACULTY

With 194 PhDs from some of the world's top institutions, LUMS is rightly proud of its academic leaders whose class teaching and industry engagement is guided and enhanced by their world-class research activities.

NEED-BLIND ADMISSIONS POLICY

LUMS consistently strives to make all its educational programmes accessible to local and international applicants regardless of their ability to pay. Since inception, LUMS has disbursed PKR 3.9 Billion in financial assistance, with approximately 30% of the student body receiving some form of financial support each year. To encourage the study of basic sciences, generous tuition fee waivers are offered to MS students in these sciences, while 100% scholarship is provided to all admitted PhD students. The National Outreach Programme (NOP) fully funds top deserving talent for a world-class education and experience at LUMS. To date, nearly 1000 scholars have benefited from this programme.

Life at LUMS

A unique experience awaits all those who join LUMS which sets it apart from all other local institutions. This life and dynamism is best manifested through 46 student founded and managed societies to cater to the diverse extracurricular interests of the students ranging from dramatics to debating, from music to photography and from entrepreneurship to management. Just last year, LUMS witnessed 234 society events and 30 sports events. In addition, LUMS maintains strong linkages with society and industry that enables industry experts, public and civil servants, business leaders, policymakers and foreign diplomats to regularly visit LUMS and engage with its students.

LEARNING BEYOND THE CLASSROOM

LUMS advocates a culture of academic excellence, tolerance, research, diversity and freedom of thought. The secure University campus, spread over 100 acres, provides excellent on-campus accommodation, world-class sports facilities, a state-of-the-art library, a variety of dining facilities and an unforgettable experience. At LUMS, we aim to make a difference by living up to our mission and our quest for excellence continues in education, research and in making a difference to the society.
