 **Over 2000** business leaders as **entrepreneurs** and **top professionals** around the world

 **700+ case studies** indigenously developed on local industry changes and trends

## PROGRAMME STRUCTURE

**Summer Orientation Programme (SOP)**  
SOP builds students' business fundamentals through critical modules in communication, business and finance and computer applications. It also aids the development of interpersonal skills and eventually prepares them for extensive teamwork.

**Year I | Core Courses**  
The Year I core courses are designed to teach concepts that provide the foundation of general management education.

**Experiential Learning I** covered in the first semester comprises an Industry Analysis Exercise.

**Experiential Learning II** is a module in which students conceive, test and commercialise an original business idea and accumulate skills critical to an entrepreneurial mindset, leadership and management.

**Summer Internship**  
This is a mandatory project-based internship of at least 6 weeks between the first and the second year. It offers a working platform to reinforce the skills learnt during the first year into an actual business environment and drive meaningful change.

**Year II | Elective Courses**  
In year II, students select from a wide range of electives offered in multiple disciplines, making them truly versatile and ideal candidates for careers across a range of functions. These elective streams include Finance, Marketing, IT/Operations, and Organisational Behaviour, Human Resource Management and Strategy.

**Experiential Learning III, MBA Consultancy Project (MCP)** provides students the opportunity to apply their classroom learning in an actual business context. This multi-tier exercise helps organisations analyse their problems with a fresh perspective and drive cost-effective and innovative solutions.
